Marine Corps League

Commandant

Dear Marines, Sailors, Associate Members and spouses,

"I, Bruce Goeden, In the Presence of Almighty God, do solemnly swear, that I will uphold and defend the Constitution and Laws of the United States of America and the Bylaws and Administrative Procedures of the Marine Corps League. That I take this obligation willingly and in good faith and that I will follow the directions and guidance of elected and appointed Officers of the League. That I will participate and support the missions and activities of the Marine Corps League, and that I promise to govern my conduct in such a manner that I will never bring discredit upon myself, Members of the League, or the Marine Corps League, so help me God."

The Oath of Membership is what we all take when we become Members of the Marine Corps League. Though the wording may have changed over the years, the core principles and values the Oath represents remain the same.

I try to uphold the Oath whenever I think about the Marine Corps League which, for me, is every day if not every hour of every day! It's one of the reasons I joined the Marine Corps and, subsequently, the Marine Corps League and I try to make it my guiding light.

However, I know, as a human being, I am fallible and subject to not living up to the spirit of the Oath even as I try to live up to its letter. As comrades-in-arms dedicated to a worthy cause, I can only ask forgiveness of my fellow Marine Corps League brothers and sisters if I have not lived up to the principles and values the Oath represents. I would also ask from our MCL members for patience and understanding as I re-dedicate myself towards becoming a better human being, MCL member, and Detachment Commandant.

It is my hope everyone re-examines the Oath of Membership and what it means for each of you as we work together towards making our Detachment and the Marine Corps League the best it can be.

Semper Fi,
Bruce Goeden, Commandant

Ref: Reinstatement of Tar Heel Detachment 733 Charter

Detachment Commandant, Staff Officers and Members,

The Department of North Carolina has concluded the audit of the Detachment 733 financial records and found them to be acceptable according to standard accounting principles and the guidelines of the Marine Corps League . Therefore, the Charter of the Tarheel Detachment 733 is officially reinstated effective this day, August 5, 2020, returning to you all the rights, privileges, and responsibilities of a Detachment in good standing. The changes implemented in the accounting principles are to be maintained in the future without fail. Another audit will be held of the Detachments financial records, on a date to be determined, during the month of October 2020. At that time, the Department will review the months of July, August, and September 2020. If the October audit of the financial records fails and is deemed unacceptable by the auditor(s) on first review, the Department of North Carolina Board of Trustees will meet to determine the next course of action regarding your Charter.

The Department Staff Officers, Past Commandants, and appointed Officers are here to support you in your earnest and sincere effort to return to the exemplary status you once held as a premier Detachment within the Department of North Carolina. Call upon us as needed for advice, counsel or as a sounding board for your ideas. We are here to serve you and your members.

Semper Fidelis,

Rick Thomason

Attention on Deck….

Marines & Others
We are now in August and have moved into our new Home, thanks to the American Legion post in Cary. As you all are aware this virus has changed our way of life in the year 2020. Many challenges have been presented to all of us, so we have had to IMPROVISE-ADAPT-OVERCOME all the obstacles that have presented, making the year 2020 to go down in history.

Our Detachment has gone through many challenges as well, I feel very confident that we will rise up and prosper in our new home. Now is the time for all of us to do some recruiting for new members, Marines FMF Corpsman and others to become associates. It is amazing that I have met Marines and others that had no clue as to the existence of The Marine Corps League. SO PASS THE WORD !!!

On a sad note, I am sure that you all are away that we lost Marines and a Corpsman to a training accident. Remember our Warriors and their Families in your prayers. Our country has two events coming up 9/11 and 23 Oct. Both of which will be remembered with proper respect. Times and location TBD, our Governor has to authorize Location. Hopefully you and yours are well and feel free to contact Me if there are any comments or concerns that you may have.

Are You Ready?

As no one has power over the wind to contain it, so no one has power over the time of their death. As no one is discharged in time of war, so wickedness will not release those who practice it. - Ecclesiastes 8:8

When we joined, we all knew there may come a time when our lives were at risk. As we manned our stations around the fleet, risks met us on a regular basis. From the first time you flew in a chopper to the time you first stepped aboard ship to your first time on the range, the mortal threat was an ongoing concern.

Some of us served in "peace time" while others were called to Korea, Vietnam, Grenada, Kuwait, Iraq, Afghanistan and Iraq again and now in Syria. To be in harm's way is a common feature of life in the military. Hopefully, you faced these threats with a personal courage that was a comfort to you in difficult times.

I recall the first time I rode in an Amtrac. I will never forget wondering how that metal box was expected to float. Fortunately, my first wet ride went off without any problems.

This past week, we lost an Amphibious Assault Vehicle off the coast of California during a training exercise. Marines and a Corpsman were lost. As the rescue effort turned into a recovery operation, my thoughts drifted to the Casualty Assistance Calls Officers (CACO) and how they would be dispatched to the next of kin to deliver the dreaded news of the loss of their loved ones. It takes a special type of Marine to be a CACO. The CACO's have a tough job. They operate by a few rules:

- Always deliver bad news in person.
- Always bring a partner
- Skip the euphemisms—they comfort no one except the person speaking them.
- Never abandon anyone until they have someone else to hold on to.
- You can't make it better, but you can definitely make it worse.

The Marines lost were from Bravo Company, Battalion Landing Team 1/4, 15th MEU:

- Lance Cpl. Guillermo S. Perez, 20, of New Braunfels, Texas.
- Pfc. Bryan J. Baltierra, 19, of Corona, California, a rifleman.
- Lance Cpl. Marco A. Barranco, 21, of Montebello, California, a rifleman.
- Pfc. Evan A. Bath, 19, of Oak Creek, Wisconsin, a rifleman.
- Navy Corpsman Christopher Gnem, 22, of Stockton, California.
- Pfc. Jack Ryan Ostrovsky, 21, of Bend, Oregon, a rifleman.
- Cpl. Wesley A. Rodd, 23, of Harris, Texas, a rifleman.
- Lance Cpl. Chase D. Sweetwood, 19, of Portland, Oregon, a rifleman.
- Cpl. Cesar A. Villanueva, 21, of Riverside, California, a rifleman.

We mourn their loss and pray for their families to be comforted in their time of need. We should all be mindful of the need to be spiritually fit for difficult challenges in the future. Are you ready? Take the time today be ready.

The earliest copy of the Scuttlebutt in our archives is from Septembe of 1993. During this time Frank Bratsch of Franklinton was Commandant. Anthony "Toby" Roberts of Durham was the adjutant/editor of the detachment. The detachment was meeting at the VFW Post 7383 at 522 Reedy Creek Road, Cary. Detachment activities included a yard sale, state fair booth, highway cleanup, and visitation at the VA hospital in Durham.

In the Corps history we are now moving forward to the Spanish American War of 1898-99. During this war US Marines led American forces ashore in the Phillippines, Cuba, and Puerto Rico demonstrating their readiness for deployment. Marines seized a large Spanish naval base at Guantanamo Bay that remains in US possession today as well as Puerto Rico.

Marine Corps Historical Events

Marine Corps Historical Events

★ U. S. MARINES

● Long before the existence of this country as an independent nation, the American marines had already started on their career. In 1740 three marine regiments were recruited in America, assembled at New York, and performed valiant service in the West Indies for the Royal Navy of Great Britain. Included among the officers of these marines was Lawrence Washington, brother of George Washington.

On November 10, 1775, Congress passed a resolution organizing a Marine Corps of two battalions. That date is regarded by the Marines as their birthdate. During the Revolutionary War, Marines were distributed in small detachments among the ships participating in most of the sea fights. At the conclusion of the war the corps was disbanded but was reorganized in 1798 to participate in all the principal naval actions of the undeclared war with France. In the War of 1812 the marines fought in nearly every engagement ashore or afloat, including those of the historic "Constitution" and the battles of Lake Erie and Lake Champlain.

In the War between the States the Marine Corps served on the blockading ships of the Navy and participated in coastal attacks. They served in the Spanish-American War and with the Army in France during the World War. The United States Marines have, in fact, served in every war in which the United States has been engaged. They have carried their standard to Tripoli, Mexico, China, Panama, Cuba, the Philippines, Haiti, Santo Domingo, and many another faraway corner of the world. Marines are trained in all the duties of a soldier and many of the duties of a sailor; they may perform as infantrymen in the Army or man the secondary batteries of a battleship, and wherever duty takes them they are the first ashore when trouble threatens.

Motion 2nd by Jason Hall. The motion to table the proposed budget until corrected was then approved by unanimous voice vote.
